

Keystone First

To: Keystone First Hospital Providers

Date: April 16, 2025

Important Reminder: Timely submission of the DHS – MA112 form for newborns

As you are aware, newborns of mothers who are active Keystone First members are not automatically enrolled in Medical Assistance (MA) at birth.

Therefore, to avoid unnecessary delays in the newborn's enrollment in MA, when a Keystone First member delivers, the hospital must complete and follow all instructions/time-lines that are outlined in the Pennsylvania Department of Human Services (DHS) MA-112 form. The newborn cannot be enrolled in Keystone First until DHS opens a case and lists him/her as eligible for MA.

The DHS MA-112 form can be found on our website at www.keystonefirstpa.com
