# Benefits of Being a Dental Provider for Keystone First

- We are a leader in managed care services, providing responsible managed care solutions for populations most in need, building healthier communities, and reducing costs.

- We are accredited by the National Committee for Quality Assurance (NCQA).

- We have been serving HealthChoices Medical Assistance members for over 30 years.

- There is a dedicated Account Executive who provides services to your office.

- We offer an extensive provider network.

- We focus on and service the Medical Assistance population.

- We offer Dental Check®, a dental program that integrates the goals and values of providing high-quality and cost-effective preventive dental care for our members ages zero to 20, while providing our dental providers with supplemental payments for partnering with us to improve clinical outcomes.

- **Dental Check's program goals are:**
  - To provide our dental providers with a unique opportunity to improve clinical outcomes and compensate them for their efforts.
  - To address health care disparities to ensure that our members with cultural and linguistic needs have access to the best possible dental care and services.

- We offer a Pediatric Preventive dental pay-for-performance (P4P) opportunity in an effort to provide prevention and early intervention of dental disease and to increase the number of children receiving quality oral health services.

- Care and disease management teams are available to support you and your patients.

- The Dental Let Us Know program provides tools, education, and outreach for our members as well as clinical resources for dental providers.

- We readily adopt electronic solutions (electronic billing, electronic funds transfer) to streamline efforts and expenses.
